Your State Pension statement

18 January 2018

Dear Mrs Burns

You can get your State Pension on 6 January 2020
Your State Pension estimate is

£71.50 a week

£309.83 a month, £3,718 a year

Your National Insurance record shows that you have paid married women's reduced-rate National Insurance contributions (sometimes known as the 'small stamp'). Your State Pension estimate has been worked out to reflect this.

You may still need to pay National Insurance contributions until 5 April 2019 if you're working. They fund other state benefits and the NHS.

Your estimate:

- is not a guarantee
- is based on the current law
- does not include any increase due to inflation

Yours sincerely,

Newcastle Pension Centre, Futures Group

If your marital status changes

Your marital status affects your State Pension estimate.

If this changes, contact us using the details on this letter and we'll send you a revised statement.
